Independent Auditor's Report on Review of Interim Financial Information

To the Board of Directors and shareholders of Begistics Public Company Limited

I have reviewed the accompanying consolidated statement of financial position and separate statement of financial position of

Begistics Public Company Limited and its subsidiary and of Begistics Public Company Limited, respectively, as at March 31,

2020, at the related consolidated statement of comprehensive income and separate statement of comprehensive income,

consolidated statement of changes in shareholders' equity and separate statement of changes in shareholders' equity and

consolidated statement of cash flows and separate statement of cash flows for the three - month periods then ended, and the

condensed notes ("interim financial information"). Management is responsible for the preparation and presentation of this

interim financial information in accordance with Thai Accounting Standard No. 34 "Interim Financial Reporting". My

responsibility is to express a conclusion on this interim financial information based on my review.

Scope of review

I conducted my review in accordance with Thai Standard on Review Engagement 2410, "Review of Interim Financial

Information Performed by the Certified Public Accountant of the Entity". A review of interim financial information consists

of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other

review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on

Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that

might be identified in an audit. Accordingly, I do not express an audit opinion.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial

information is not prepared, in all material respects, in accordance with Thai Accounting Standard No. 34 "Interim Financial

Reporting".

**Emphasis of matter** 

I draw attention to Note 2.1 to the interim consolidated financial statements. Due to the impact of the COVID - 19 outbreak, in

preparing the interim financial information for the three-month period ended March 31, 2020, the Group has adopted the

Accounting Guidance on Temporary Relief Measures for Accounting Alternatives Dealing with The Impact of COVID - 19

Pandemic issued by the Federation of Accounting Professions. My conclusion is not modified in respect of this matter.

#### Other matters

Due to the impact of COVID - 19 outbreak situation, the Company has postponed the annual general meeting of the Company's shareholders which results in no resolution for the appointment of the auditor of the Group for the accounting period of 2020 yet. However, the Board of Director of the Company has a resolution to propose to the annual general meeting of the Company's shareholders to appoint me as the auditor of the Group for the accounting period of 2020. I therefore have conducted my review on the interim financial information for first quarter of 2020 which is in compliance with the notification of the Capital Market Supervisory Board (CMSB) No. Tor Chor. 28/2563 dated March 27, 2020.

The statements of financial position as at December 31, 2019 of Begistics Public Company Limited and it's subsidiary, presented here with for comparative purpose only, were audited by another auditor in my firm whose report dated on March 2, 2020, expressed an unqualified opinion on those financial statements. The statements of comprehensive income, changes in shareholders' equity, cash flows for the three - month period ended March 31, 2019 of Begistics Public Company Limited presented herewith for comparative purpose only, were reviewed by another auditor in my firm and concluded that nothing has come to attention that causes to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard No. 34, "Interim Financial Reporting" in report dated on May 9, 2019.

(Mrs. Sumana Senivongse)

1. GENERAL

Begistics Public Company Limited, the "Company", is incorporated in Thailand and has its registered office at 3656/64

Green Tower Building, 19th Floor, Unit K, Rama 4 Road, Klongton, Klongtoey, Bangkok.

The Company registered the change of the Company's name from "Bangpakong Terminal Public Company Limited"

to Begistics Public Company Limited" with the Ministry of Commerce on February 21, 2018 and change the ticker

shymbol from "BTC" to "B" with effective from March 13, 2018 onwards.

The Company was listed on the Stock Exchange of Thailand in July 2003.

The principal business of the Company is the operation of a port in Bangpakong which includes a container depot,

warehousing, a wharf and other related services. The Company has operated transportation and related services starting

from December 2015, and logistics service starting from January 2018.

The new registered offices are as follows:

Head office

3656/64 Green Tower Building, 19th Floor, Unit K, Rama 4 Road, Klongton, Klongtoey,

Bangkok.

2. BASIS FOR PREPARATION OF FINANCIAL STATEMENT AND PRINCIPLES OF CONSOLIDATION

2.1 Coronavirus disease 2019 Pandemic

The Coronavirus disease 2019 pandemic is continuing to evolve, resulting in an economic slowdown and adversely

impacting most businesses and industries. This situation may bring uncertainties and have an impact on the

environment in which the group operates. The Group's management has continuously monitored ongoing

developments and assessed the financial impact in respect of the valuation of assets, provisions and contingent

liabilities, and has used estimates and judgement in respect of various issues as the situation has evolved.

2.2 Basis for interim financial statements preparation

These interim financial statements are prepared in accordance with Accounting Standards Pronouncement No. 34

"Interim financial reporting", whereby the Company chooses to present condensed interim financial statements.

However, additional line items are presented in the financial statements to bring them into the full format similar

to the annual financial statements.

9

### NOTE TO INTERIM FINANCIAL STATEMENT

MARCH 31, 2020

The interim financial statements are prepared to provide information in addition to those included in the latest annual financial statements. Accordingly, they focus on new activities, events and circumstances to avoid repetition of information previously reported. These interim financial statements should, therefore, be read in conjunction with the financial statements for the year ended December 31, 2019.

The interim financial statements are officially prepared in Thai language. The translation of these statutory financial statements to other language must conform to the Thai financial report.

#### 2.3 Principles of consolidation

The consolidated financial statements include the financial statements of Begistics Public Company Limited and its subsidiary which are under its control with more than 50 percent voting rights as follows:

	Percentage of	of holding (%)	
	As at March 31,	As at December 31,	
	2020	2019	Nature of business
Beyond capital Co.,Ltd.	100	100	All types of credit companies except
			those that have to apply for permission
			and reports to the Bank of Thailand.

Significant transactions with subsidiary have been eliminated in the consolidated financial statements.

The consolidated financial statements have been prepared with the same accounting policies for the separate financial statements for the same accounting transactions or accounting events.

### 2.4 Estimation

When preparing the interim financial statements, management undertake judgments, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses. The actual results may differ from the judgments, estimates and assumptions made by management.

The judgments, estimates and assumptions applied in the interim financial statements, including the key sources of estimation were the same as those applied in the preparation of annual financial statements for the year ended December 31, 2019.

### 2.5 Functional and presentation currency

The financial statements are prepared and presented in Thai Baht, which is the Company's functional currency. All financial information presented in Thai Baht has been rounded to the nearest thousand or million in the notes unless otherwise stated.

MARCH 31, 2020

#### 3. ACCOUNTING POLICIES

The interim financial statements are prepared using the same accounting policies and methods of computation as were used for the financial statements for the year ended December 31, 2019, except for the change in the accounting policies due to the adoption of TFRS related to financial instruments and TFRS 16, Leases, as follow:

#### a) Financial instruments

#### Classification and measurement

Financial assets that are debt instruments are measured at fair value through profit or loss, fair value through other comprehensive income, or amortised cost. Classification is driven by the Company and its subsidiaries' business model for managing the financial assets and the contractual cash flows characteristics of the financial assets.

Financial assets which is equity instruments are measured at fair value through profit or loss or through other comprehensive income.

Financial liabilities are classified and measured at amortised cost.

#### Impairment of financial assets

The Company and its subsidiaries recognises an allowance for expected credit losses on its financial assets measured at amortised cost, without requiring a credit - impaired event to have occurred prior to the recognition. The Company and its subsidiaries accounts for changes in expected credit losses in stages, with differing methods of determining allowance for credit losses and the effective interest rate applied at each stage. An exception from this approach is that for trade receivables or contract assets that do not contain a significant financing component, the Company and its subsidiaries applies a simplified approach to determine the lifetime expected credit losses.

#### b) Leases

### Right - of - use assets

The Group recognises right - of - use assets at the commencement date of the lease. Right - of - use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right - of - use assets includes the amount of lease liabilities recognised through initial measurement, initial direct costs incurred, and lease payments made at or before the commencement date, less any lease incentives received.

Unless the Group is reasonably certain that it will obtain ownership of the leased asset at the end of the lease term, the recognised right - of - use assets are depreciated on a straight - line basis from the commencement date of the lease to the earlier of the end of the useful life of the right - of - use asset or the end of the lease term.

### NOTE TO INTERIM FINANCIAL STATEMENT

"REVIEWED"

MARCH 31, 2020

#### Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of the lease payments to be made over the lease term, discounted by the interest rate implicit in the lease or the Group's incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification or reassessment.

#### Short - term leases and Leases of low - value assets

Payments under leases that, have a lease term of 12 months or less at the commencement date, or are leases of low - value assets, are recognised as expenses on a straight - line basis over the lease term.

### Accounting Treatment Guidance on "Temporary relief measures on accounting alternatives in response to the impact of the COVID-19 situation"

The Federation of Accounting Professions announced Accounting Treatment Guidance on "Temporary relief measures on accounting alternatives in response to the impact of the COVID-19 situation". Its objectives are to alleviate some of the impact of applying certain financial reporting standards, and to provide clarification about accounting treatments during the period of uncertainty relating to this situation.

On April 22, 2020, the Accounting Treatment Guidance was announced in the Royal Gazette and it is effective for the financial statements prepared for reporting periods ending between January 1, 2020 and December 31, 2020.

The Group has elected to apply the following temporary relief measures on accounting alternatives:

- Not to take into account forward looking information when determining expected credit losses, in cases where the Group uses a simplified approach to determine expected credit losses.
- To measure the fair value of investments in unquoted equity instruments using the fair value as at January 1, 2020.
- Not to consider the COVID-19 situation as an indication that an asset may be impaired in accordance with TAS 36, Impairment of Assets.

3.1 Financial reporting standards that became effective in the current period

During the period, the Group has adopted the revised (revised 2019) and new financial reporting standards and interpretations which are effective for fiscal years beginning on or after January 1, 2020. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards, with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards. The adoption of these financial reporting standards does not have any significant impact on the Group's financial statements. However, the new standard involves changes to key principles, which are summarised below:

Financial reporting standards related to financial instruments

A set of TFRSs related to financial instruments consists of five accounting standards and interpretations, as follows:

Financial reporting standards:

TFRS 7

Financial Instruments: Disclosures

TFRS 9

Financial Instruments

Accounting standard:

**TAS 32** 

Financial Instruments: Presentation

Financial Reporting Standard Interpretations:

TFRIC 16

Hedges of a Net Investment in a Foreign Operation

TFRIC 19

Extinguishing Financial Liabilities with Equity Instruments

These TFRSs related to financial instruments make stipulations relating to the classification of financial instruments and their measurement at fair value or amortised cost (taking into account the type of instrument, the characteristics of the contractual cash flows and the business model), calculation of impairment using the expected credit loss method, and hedge accounting. These include stipulations regarding the presentation and disclosure of financial instruments.

These standards do not have any significant impact on the Group's financial statements.

NOTE TO INTERIM FINANCIAL STATEMENT "REVIEWED"

MARCH 31, 2020

### Thai Financial Reporting Standards No. 16 Leases

TFRS 16 supersedes TAS 17 Leases together with related Interpretations. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases, and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is low value.

Accounting by lessors under TFRS 16 is substantially unchanged from TAS 17. Lessors will continue to classify leases as either operating or finance leases using similar principles to those used under TAS 17.

The Group adopted this financial reporting standard using the modified retrospective method of initial adoption of which the cumulative effect is recognised as an adjustment to the retained earnings as at January 1, 2020, and the comparative information was not restated.

The impact due to changes in accounting policy was reported in Note 4

"REVIEWED"

**MARCH 31, 2020** 

### 4. CUMULATIVE EFFECTS OF CHANGES IN ACCOUNTING POLICIES DUE TO THE ADOPTION OF NEW FINANCIAL REPORTING STANDARAS

As described in Note 3 to the financial statements, the Group has adopted financial reporting standards related to financial instruments and TFRS 16. The cumulative effect of initially applying these standards is recognised as an adjustment to retained earnings as at January 1, 2020. Therefore, the comparative information was not restated.

There is no effect of the changes in accounting policies due to the early adoption of TFRS related to financial instruments and TFRS 16 Leases on the beginning balance of retained earnings for 2020.

The impacts on the beginning balance of retained earnings as at January 1, 2020 from changes in accounting policies due to the adoption of these standards are presented as follows:

As at January 1, 2020, the Company and its subsidiaries do not stipulations any financial liabilities to be measured at fair value through profit or loss.

### b) Leases

On adoption of TFRS 16, the Group recognised lease liabilities in relation to leases which had previously been classified as operating leases under the principles of TAS 17 Leases. These liabilities were measured at the present value of the remaining lease payments, discounted using the Group's incremental borrowing rates. The Group's weighted average incremental borrowing rate applied to the lease liabilities on January 1, 2020 was range between 3.1 - 4.6

For leases previously classified as finance leases applying TAS 17, the Group recognised the carrying amount of the lease asset and lease liability immediately before adoption of TFRS 16 as the carrying amount of the right - of - use asset and the lease liability at the date of initial application.

MARCH 31, 2020

#### 21. LOSS PER SHARE

### 21.1 Basic loss per share

Basic loss per share for three - month periods ended March 31, 2020 and 2019 were calculated by dividing loss for the periods to the weighted average number of common shares outstanding during the periods as follows;

In Thousand Baht / Thousand share

	Consoli	dated	Separated		
	2020	2019	2020	2019	
(Loss) for the period	(6,145)	(104)	(6,227)	(382)	
Number of common share at January 1	1,329,440	871,760	1,329,440	871,760	
Effect of capital increase	9.5	·@	Ē	<b>.</b>	
Weighted average number of common share	1,329,440	871,760	1,329,440	871,760	
Basic (loss) per share (In Thousand Share)	(0.005)	(0.000)	(0.005)	(0.000)	

Since the fair value of common share is lower than the warrant exercise price. There was no effect of dilutive potential common shares. Accordingly, diluted loss per share is the same as basic loss per share.

### 21.2 Diluted loss per share

Diluted loss per share is calculated by dividing the net profit attributable to shareholders by the weighted average number of ordinary shares in issue during the periods adjusted for the effect of conversion of warrant to ordinary share.

The Company did not calculate diluted earnings per share for three - month periods ended March 31, 2020 and 2019 because the fair value of an ordinary share is lower than the exercised price of warrants.
